

## HOMEOWNER LOAN REQUEST FORM

Newtown has a limited amount of funding available to help existing CLT homeowners make repairs to their homes and/or replace major components (HVAC, major appliances, water heaters). The assistance will be provided in the form of a loan (with rate and terms to be determined).

Upon request, Newtown staff can provide technical assistance to help create a scope of work for the repairs to be done and will help with the bid process and selection of a contractor.

To be considered for a loan, please complete the information below and return to Bryanna Mack at: [bryanna@newtowncdc.org](mailto:bryanna@newtowncdc.org). You may also fax or mail this form (see below for number and address).
